

## **Hand painted colourful pictures from Germany by Corinna Kirchhof**

**CoBe – Kunst** (art) is a little new Shop in the lovely old town of Passau, Bavaria, Germany. Here I am (Corinna Kirchhof) selling with my husband (Bernd Schweinsberg) my hand painted pictures, acryl on canvas. Each of them is unique, colourful, modern, abstract and powerful.

November 2008 we moved to Passau after we have been living 12 years on the island Mallorca in the Mediterranean Sea. Here in Passau we have decided to sell the pictures for a lovely low price – art for everyone. I am painting the pictures directly in the shop, 6 days a week 9 hours. The prices are starting with 15,- Dollar for a little 5,9 inch x 5,9 inch heart and ending with 225,- Dollar for a 39,3 inch x 39,3 inch abstract picture.

Now you are wondering why we are advertisement in the United States .That's easy to explain. Passau is a lovely old town. Three rivers, Danube, Inn and Ilz meet each other here in the centre of Europe, in Bavaria Germany. 1000ends of tourist are coming with the ship to Passau on the way visiting Europe. A lot of them are from the States and they love our pictures and taking them home. A few days ago we had a lovely couple from Florida, on honeymoon trip; they bought a red hard 39,3 inch x 39,3 inch. To make the transport for them easily we have removed the picture from the wood to roll it around the wooden pieces so they transported only a roll. After they have seen how easy it is to transport the picture they asked us why we don't offer the pictures in the States. And here we are!

If you are taking a look to our homepage [www.cobe-kunst-passau.info](http://www.cobe-kunst-passau.info) you will wonder why I am painting pigs. ☺ Pigs are a typical symbol in Germany for luck. The Germans are buying picks as a gift for birthdays, weddings and so on...
